Description

This study has focused on some crucial issures with which young people are dealing and their life situation in Syria. Many things are changing or improving in the country. The study tries to hihtlight the most relevant changes affecting young people and the roles and perceptions of actors involved. Its main objective is to analyze the situation of young people in order to better understand their current challenges and opportunities in the frame of the National Youth Policy. This study focuses mainly on the analysis of the challenges faced by young people in the country and their strategies of reaction in order to find their own place in society (as active citizens).
