Since 22 October 2019, the European Commission has replaced the PIC code with the Organization ID (OID). This change applies to any organization that has carried out or is carrying out a project within the framework of the decentralized actions of the Erasmus+ or European Solidarity Corps programmes managed by National Agencies. The OID code (Organization ID) must therefore be used in all future applications for Erasmus+ or European Solidarity Corps applications. This excludes the action of the Quality Label of the European Solidarity Corps (ESC52), for which the PIC code, obtained from the Portal of the participating organizations (URF / PDM), now SEDIA Funding & Tenders portal, is still valid.

Organizations wishing to participate in the decentralized and centralized actions of the Erasmus+ and European Solidarity Corps programmes must use the two systems and will have two distinct and unique identifiers: a PIC and an OID.

Concretely:

1. PIC Code, ex.: 923450000
2. Organization ID, ex.: E10000773
I have a PIC code, what will happen?

On October 22, 2019, the European Commission has automatically generated an Organization ID (OID) on the ORS Platform for any organization with a PIC. You don’t have to do anything! The data and documents were automatically transferred from URF to ORS. Please note: no notification will be sent to organizations once the changeover has been made.

How can I know my OID?

1. Go to the ORS platform via the following link: https://webgate.ec.europa.eu/erasmus-esc/organisation-registration
2. Log in to the ORS using the same EU Login account that you used to access the URF portal.

3. Click on "Expand advanced search" then launch the search by entering your PIC code or the name of your organization. Click on Search.
How to recognize my OID?

An OID always starts with the letter E, followed by 8 digits, ex.:

I know my OID: where and how should I use it?

The OID replaces the PIC. Thus, it must be used during the following actions:

- 2020 applications: only the OID will be requested for the identification of the organizations involved in the project, applicant and partners.
- Mobility Tool +: the procedures currently applying to the PIC will be valid for the OID.
- Modification of the data of the organization: any change concerning the data of your organization must now be done in the ORS and no longer in URF, including in case of addendum - ex. : change of legal address, change of legal representative, etc.

I know my OID: how do I find my partners’ OID?

Several options are available:

1. Use the OID that will automatically appear for these partners on the Mobility Tool +;
2. Request OID from partners;
3. Find the OID of the partners on the ORS portal, as shown in this guide.
I am a new organization and I don’t have a PIC, how do I create an OID?

1. Go to the ORS platform and click on the "Register my organization" tab accessible on the ORS platform home page:
2. Click on "Edit" and complete all the fields indicated on the left side edge (in green below) (all fields marked with a red asterisk are required). Once all the fields duly completed, finish by clicking on "Register my organization" at the bottom left of the screen:
3. The ORS platform will send a notification email to the person who registered the organization and to all the persons designated as authorized. This notification will include the OID code as well as additional information and useful links.

4. Once your organization is registered, you can add the necessary documents to the National Agency to validate your organization. You will find information on the documents to be downloaded in the Erasmus + and European Solidarity Corps programme guides. To download these documents, simply click on “My organizations” at the top of the home page then on “Add document” without forgetting to click on “Register my organization” at the bottom left of the screen once the documents downloaded in order to save them (see image below).
Organisations wishing to apply for European Solidarity Corps ESC32 Quality Label need a Participant Identification Code (PIC) and Organisation ID to apply. You can register for a PIC here and for Organisation ID on current page.

Erasmus+ and European Solidarity Corps

Registration for actions managed by National Agencies

The Erasmus+ and European Solidarity Corps programmes are managed by National Agencies in participating countries and the Education, Audiovisual, and Culture Executive Agency (EACEA).

For certain actions, you must apply through the National Agencies and, for others, through EACEA. Please see the list of Erasmus+ actions and European Solidarity Corps actions to find out through whom you need to apply. To apply for actions managed by National Agencies please use the links provided below. For actions managed by EACEA, please visit the Funding & tender opportunities portal.

Is your organisation already registered?

To submit an application, you will need an Organisation ID. Organisations that have already participated in an Erasmus+ or European Solidarity Corps action managed by a National Agency and have a Participant Identification Code (PIC) have been assigned an Organisation ID automatically. Please use the search below to find your organisation and its corresponding Organisation ID (you can use your existing PIC in the Advanced search feature below). Alternatively, if you are an authorised user, you can see the list of your registered organisations using My Organisations.

Search for your organisation
