1. INTRODUCTION

The call for Erasmus Youth accreditations is launched in preparation of the European Union 2021-2027 Programme for education, training, youth and sport proposed by the European Commission on 30 May 2018 (hereafter: 'the Programme')¹.

2. DESCRIPTION

Erasmus accreditations are a tool for organisations that want to open-up their activities to cross-border exchange and cooperation and that plan to implement learning mobility activities on a regular basis.

The Erasmus Youth accreditation gives simplified access to funding opportunities under Key Action 1 of the future Programme (2021-2027) for learning mobility activities in the field of youth, as described in Section 12 of these Rules.

Applicant organisations will be required to lay down their longer-term objectives and plan in terms of activities to be supported with Erasmus funds, expected benefits as well as their approach to project management, as further described in Section 7. The award of the Erasmus Youth accreditation confirms that the applicant has appropriate and effective processes and measures in place to implement high quality learning mobility activities as planned and use them to benefit the youth field.

Previous experience in Erasmus+ (2014-2020) is not a requirement.

3. OBJECTIVES

This action has the following objectives:

- Strengthen personal and professional development of young people through non formal and informal learning mobility activities;
- Foster the empowerment of young people, their active citizenship and participation in democratic life;
- Foster quality development of youth work at local, regional, national, European and international level by building capacity of organisations active in the youth field and supporting the professional development of youth workers;
- Promote inclusion and diversity, intercultural dialogue and the values of solidarity, equal opportunities and human rights among young people in Europe.

¹ The 2021-2027 EU Programme for education, training, youth and sport proposed by the European Commission on 30 May 2018 (hereafter the Programme) has not yet been adopted by the European legislators. However, this call for accreditation is published to facilitate the application of potential beneficiaries of Union grants as soon as the legal basis is adopted by the European legislators. This Call for accreditation does not legally bind the European Commission. In case of a substantial modification of the legal basis by the European legislators, the present Call might be modified or cancelled and other Calls for accreditation with different content and appropriate deadlines for reply may be launched. More generally, any action flowing from this Call for accreditation is subject to the following conditions, whose implementation is beyond the Commission's control:
– the adoption by the European Parliament and the Council of the European Union of the final text of the legal basis establishing the Programme,
– the adoption of the 2021 and subsequent annual work programmes and the general implementation guidelines, criteria and procedures of selection, after referral of the committee of the Programme, and
– the adoption of the 2021 and subsequent budgets of the European Union by the budgetary authority.
The proposed 2021-2027 EU Programme for education, training, youth and sport is based on Articles 165 and 166 of the Treaty on the Functioning of the European Union and on the subsidiarity principle.

4. ELIGIBILITY CRITERIA

Only applicants satisfying the requirements set under Article 23 (1) of the Regulation (EU) No 1288/2013 of the European Parliament and of the Council of 11 December 2013 establishing 'Erasmus+': the Union programme for education, training, youth and sport repealing Decisions No 1719/2006/EC, No 1720/2006/EC and No 1298/2008/EC may apply.

The Erasmus+ Youth accreditation is open to the participation of any public or private body established in:

- the Member States of the European Union;

8. AWARD OF THE ERASMUS YOUTH ACCREDITATION

Successful applicants will sign an agreement with the National Agency awarding the accreditation and will receive a certificate confirming their status and displaying the logo of the Programme and symbols of the European Union.

By applying to this Call, the applicants agree that their identity (including all of the public information available in the Organisation Registration System) and selection result may be published by the European Commission and the National Agencies.

9. VALIDITY

Erasmus accreditation is awarded for the period from 2021 to 2027, subject to regular monitoring and continued compliance with the accreditation’s requirements and instructions issued by the supervising National Agency.

To ensure realistic planning, the plan of activities submitted as part of the application could cover a period of three to seven years and will be updated periodically as explained in Section 10.

The accreditation can be terminated at any time in case the organisation ceases to exist or by agreement of the National Agency and the accredited organisation.

The National Agency or the accredited organisation may unilaterally terminate the accreditation if no applications for funding have been made under that accreditation during at least three years.

In case Erasmus accreditation is required for participation in any action after the end of the 2021-2027 programming period, the National Agency may prolong the accreditation’s validity under conditions defined by the European Commission.

10. REPORTING, MONITORING AND QUALITY ASSURANCE

a. Reporting

Accreditation Progress Reports

At least once during the validity of the accreditation, organisations will be required to:

- report on how they are progressing towards reaching their objectives;
- report on how they are ensuring the respect of Erasmus Youth quality standards;
- update their activity plan.

The National Agency may decide to request a progress report on the different elements listed above at the same time, or separately. The National Agency may decide to replace the reporting requirements on objectives and Erasmus Youth quality standards with a monitoring visit.

Based on the accredited organisation's performance resulting from reporting, monitoring and quality assurance checks, or as result of significant changes in the organisation, the National Agency may change the number and schedule of progress reports.

Accredited organisations may voluntarily request to update their accreditation. Based on the organisation's reasoning, the National Agency will decide whether an update is justified and acceptable.

Closing Reports at the end of each grant agreement

At the end of each grant agreement approved under the Erasmus accreditation, the accredited organisation will submit a closing report about the delivered activities and targets.

b. Monitoring and checks

The National Agency may organise monitoring visits, formal checks or other activities to track the progress and performance of accredited organisations, assess the respect of the agreed quality standards, and provide support.

Formal checks may take the form of desk checks or visits to the organisation and any other premises where activities do take or have taken place. The National Agency may request assistance of National Agencies or external experts in other countries to check and monitor activities taking place there.

c. Quality Assurance

Following a report or monitoring activity, the National Agency will provide feedback to the accredited organisations. The National Agency may also provide obligatory or advisory instructions to the accredited organisation on how to improve their performance.

11. REMEDIAL MEASURES

In case of newly accredited applicants, high risk organisations, failure to comply with National Agency's instructions and deadlines, very low performance resulting from reporting, monitoring and quality assurance checks, or violations of the rules of the Programme (including in another action), the National Agency may take the following remedial measures:

- Observation: the National Agency may limit the level of funding that the accredited organisation can apply for in actions where Erasmus accreditation is a requirement.
- Newly accredited organisations may be put under observation if risk of low quality implementation is identified during the operational capacity check.
- Suspension: suspended organisations may not apply for funding in actions where Erasmus accreditation is a requirement. The National Agency may also terminate some or all ongoing grant agreements awarded under the suspended accreditation.

The observation or suspension period will continue until the National Agency determines that the conditions and quality requirements set in this Call are once again fulfilled, and that the risk of low performance has been addressed by the accredited organisation.

Organisations under suspension or observation may not apply for a new accreditation.

In case of continued failure to comply with National Agency's instructions and deadlines, very low performance, or in case of repeated or significant violations of the rules of the Programme (including in another action), the National Agency may terminate the accreditation.

12. ACCESS TO FUNDING FOR SUCCESSFUL APPLICANTS

Successful applicants for Erasmus Youth accreditation will gain simplified access to Key Action 1 funding opportunities in the youth field for the duration of the accreditation's validity⁵.

Yearly grants for accredited applicants will be based on a number of criteria, including: performance resulting from reporting and monitoring exercises, priorities set at annual level, and the budget available for the action.

This above list of criteria is indicative and not exhaustive. The final criteria for accredited organisations' access to funding and grant allocation will be defined in yearly calls for proposals published by the European Commission.
